## NEVADA - WALL MOUNTED BIOETHANOL FIREPLACE

BIO-10-008

The ScandiFlames Nevada is a wall-mounted bioethanol fireplace, making it perfect for rooms with limited floor space. Its design offers a large view of the flames, which sits behind a protective glass panel. With a 1.5-litre bioethanol burner, it provides up to 6 hours of burn time and a heat output of approximately 2.2 kW, usually enough to heat a room of 25-30 square meters. The fireplace can be mounted on almost any wall and doesn't require a chimney, ensuring flexible and easy installation. The included manually operated bioethanol burner requires no electrical connection, enhancing its convenience and simplicity.
