## MOLDE - CAST IRON BIOETHANOL STOVE

BIO-20-904

Molde is a freestanding bioethanol fireplace in a traditional stove design from ScandiFlames. The fireplace features an adjustable 1.5-liter manual bioethanol burner that can burn for up to 5 hours per refill and generates approximately 2.1 kW of heating power. The cast iron construction boasts elegant markings and cutouts, making it a visual focal point even when not in use. The fireplace comes with a decorative top that can be removed, allowing you to use the flat plate below to heat a kettle or similar items, adding extra functionality. The front includes a glass door that provides a beautiful view of the flames.
